Future Plans for STURANT-1

REF: FJYR-3612, 3 August 1954

6010-6696

1. Paragraphs 3 a and b of the reference dispatch explore possibilities for affecting STURANT-1's legal entry to the United States. In light of recent conversations with [ ] which indicate that little trouble is expected in documenting STURANT-1 on Okinawa as a stateless person, we do not contemplate further investigation of either suggestion. Details of the arrangement on Okinawa will be forwarded by [ ]
2. As discussed with [ ] on 24 August 1954, we believe it is necessary for [ ] to present a complete plan for the utilization of STURANT-1 both during and after his period of study in the United States. Such a plan should clearly point out how STURANT-1's period of study in the United States will enhance his long range value to NUMARK.
3. One copy of FJYR-3612 is enclosed for your information and retention.
